Spring 1995

LONDON BRANCH REVIVAL

An inaugural meeting was held in the Savoy Hotel on the 31st October 1994 which Gerald McCarthy, Union President, attended with a view to the re-activation of the London Branch.

There was general agreement that the Branch should be revived and an acting committee under the chairmanship of Manus Moran was put in place. It was decided to hold a further meeting in the Spring when as many pastmen as possible in the U.K. would be circulated.

Thanks in particular to the efforts of Tom O'Connell a further meeting was held on the 6th March last in the Ritz. Fr. Kevin, President of the College and the President of the Union, Gerald McCarthy, travelled over for a well attended meeting. Manus Moran (1945) was elected as Chairman, Tom O'Connell (1972) Secretary and John Yurky (1961) Treasurer with Brian Flynn (1954) as Data Base

Controller. The meeting was followed by a very enjoyable dinner in the Royal Society Of Medicine in Wimpole Street.

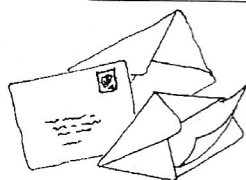

The Branch plans for the future include

a dinner in the autumn, possibly in the Apothecaries Hall in Blackfriars and a biannual dinner on the eve of each Ireland versus England rugby match where it would expect to have numbers boosted by pastmen travelling over for the game. The Chairman, Manus Moran, expressed the hope that the Branch would link its future activities with a charity such as Co-Operation North. The Branch would like to hear from pastmen in the U.K. and the contact persons are :-

Letter from the President of the Union

This is the second Review which comes to you from the Southern Capital. Credit for this must go to the outgoing Chairman of the South West Branch, Cathal Bredin, ably assisted by Cumin Doyle. The presentation and layout of the last Review won much praise and for this we have to thank Maurice O'Leary who has the double virtue of being not only a pastman but also a Corkman. Maurice is with the family printers, D. & A. O'Leary of Washington Street and is a son of Donal who has been one of the most loyal supporters of our gatherings in Cork over the years. Credit is also due to Maurice's cousin Frank O'Leary. Contrary to popular myth Cork does not want to monopolise the production of the Review and if there is a branch or group of pastmen out there who wish to help in producing future Reviews please contact Fr. Dermot.

The Central Committee had been making efforts over the last few years to revive the London Branch. As the report above indicates this has proved a success.

Credit for this is due in large measure to the efforts of Tom O'Connell, aided by Brian Flynn and Manus Moran. Tom, who is of the Cullahill O'Connell clan, and brother of Darina Allen, is catering manager at the Ritz Hotel, having formerly been with the Savoy Hotel. Tom facilitated the Union by arranging meetings in these sumptuous hostelries and contacting many pastmen in the London Area. What the London branch currently lacks in the quantity of its members is more than compensated in the quality of its members and of its meeting places. If you know of pastmen in the U.K. I would appreciate if you would put them in touch with either Tom O'Connell or Brian Flynn whose addresses are given in the London Branch report above.

Nearer to home some of the branches appear to have gone into a period of prolonged hibernation and the Central Committee will be looking at means of reactivating them.

Members of the Central Committee will shortly meet with the Board of Governors

of the College to explore means whereby both bodies can co-operate for the benefit of the College and also I should add the Union. The pastmen of Roscrea represent an enormous resource and the potential exists to use this resource to assist in the development of C.C.R. into the next century. I shall inform you in the next Review of the outcome of these discussions.

If you would like to assist the financing of the Review and have not already done so there is a standing order/direct debit form on the last page of the Review and any contribution you make would be greatly appreciated.

Finally can I remind you that you should check the list of Union functions in this issue and make your early booking for the Abbots Cup and the Kenmare Weekend in particular as both of these events are on a "first come first serve" basis.

COLLEGE EVENTS (Winter-Spring '94-'95)

Roscrea Sporting Review : Rugby

Achieving excellence within the sporting sphere has always been the goal of the students of Roscrea College and this year has been no exception.

Our senior 1st Rugby team has certainly lead the way, achieving success in winning the league prior to Christmas and their reach-

ing the quarter finals of the Senior Cup, before going down narrowly to beaten finalists Clongowes Wood. Team mates John Thompson and Arthur Spring were honoured by Leinster in the interprovincial schools series, and these two lads are engaged in further trials for the team travelling to Australia this summer. Best of luck lads.

Our senior Seconds have also reached their league final, defeating teams from Blackrock, Terenure and Belvedere on their way. We wish them well.

Hurling

On the hurling scene, our senior hurlers are through to yet another provincial final against Enniscorthy. We wish them the very best of luck in their final.

The juniors didn't enjoy the heavy playing conditions and went out early on.

Our Juvenile hurlers are making steady progress and we wish them well in their remaining games.

Athletics

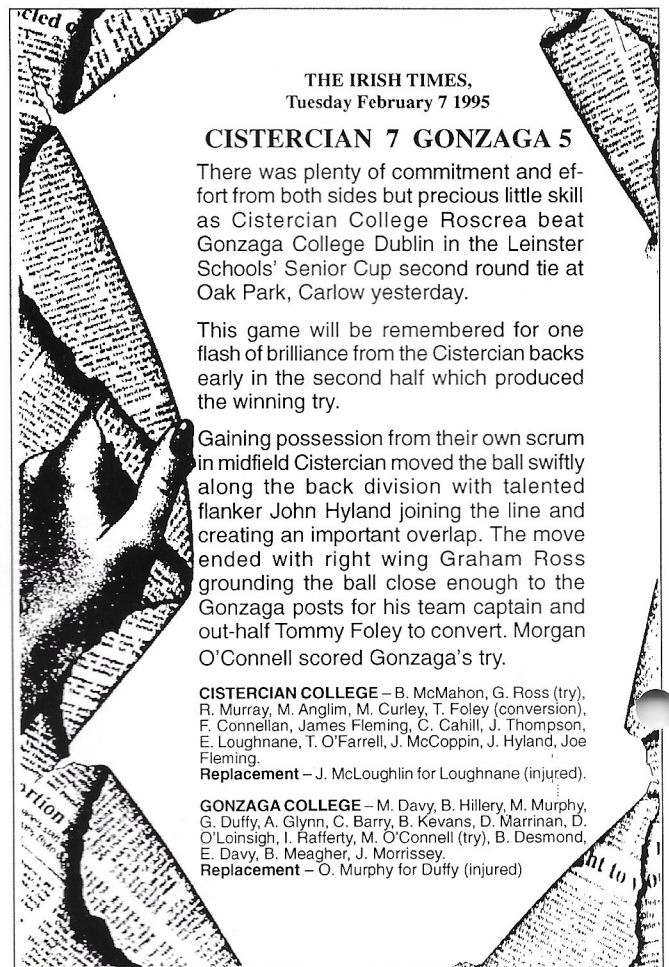

Next term looks good especially for The Hammer boys coached by Mr. Pat Creagh.

Our senior thirds reached the quarter final of their league, before going down to a strong St. Mary's team.

A number of boys have been selected for trials in lieu of next years Leinster teams, and they include, Mark Curley, Joe Fleming, Conor Murray, David Mescal and Brian Dineen.

The Junior team played some very attractive open rugby but met a fancied Templeogue team in the second round and went down 10 points to 3. This

CISTERCIAN 7 GONZAGA 5

There was plenty of commitment and effort from both sides but precious little skill as Cistercian College Roscrea beat Gonzaga College Dublin in the Leinster Schools' Senior Cup second round tie at Oak Park, Carlow yesterday.

This game will be remembered for one flash of brilliance from the Cistercian backs early in the second half which produced the winning try.

Gaining possession from their own scrum in midfield Cistercian moved the ball swiftly along the back division with talented flanker John Hyland joining the line and creating an important overlap. The move ended with right wing Graham Ross grounding the ball close enough to the Gonzaga posts for his team captain and out-half Tommy Foley to convert. Morgan O'Connell scored Gonzaga's try.

CISTERCIAN COLLEGE - B. McMahon, G. Ross (try), R. Murray, M. Anglim, M. Curley, T. Foley (conversion), F. Connellan, James Fleming, C. Cahill, J. Thompson, E. Loughnane, T. O'Farrell, J. McCoppin, J. Hyland, Joe Fleming.

Replacement - J. McLoughlin for Loughnane (injured).

GONZAGA COLLEGE - M. Davy, B. Hillery, M. Murphy, G. Duffy, A. Glynn, C. Barry, B. Kevans, D. Murrain, D. O'Leinsigh, I. Rafferty, M. O'Connell (try), B. Desmond, E. Davy, B. Meagher, J. Morrissey.

Replacement - O. Murphy for Duffy (injured)

Templeogue team finally succumbed to the eventual winners Blackrock in the semi final.

The U-14 rugby team, after a very successful season, scored a noticeable win in the Blitz competition held recently in Kilkenny College. Well done one and all.

The U-13's also came through with some noticeable wins and a bright future in store.

The Lord Abbot's Cup

Cognescenti of the golfing world will tell you that it is easier to get a tee time at the Augusta Masters than in Roscrea Golf club for the annual Lord Abbot's Cup. However due to the organisational abilities of the two Jerry's - Maher and Hayes, assisted by Liam Spooner a packed time sheet ensures that all who want to get on the course. This includes guests and partners with special prizes for these categories.

Miracles of organisation are not confined to the time sheet and the secret of seating so many people at the club dining room for what is always an excellent meal would make sardine canners green with envy.

The 1995 Abbot's Cup will be played for on Saturday, 23rd September.

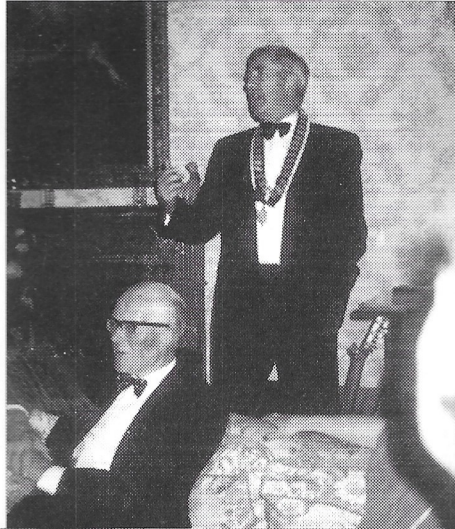

If you wish to participate please contact either : Jerry Maher at 0605-47245 (H) or 0505-21061 (W) or for time sheet booking Jerry Hayes at 0505-21061 (W) or 0505-61301 after 6.00p.m.

TO COMPLAIN *or Not* TO COMPLAIN

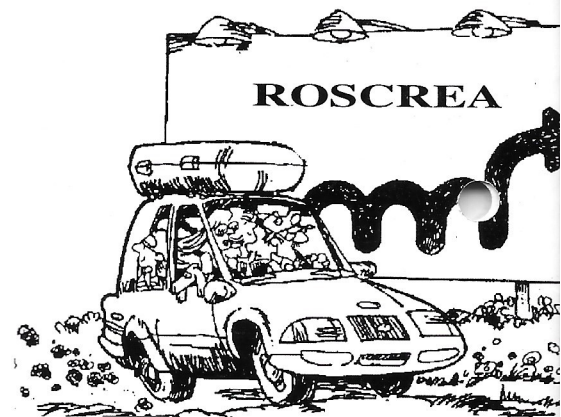

We Irish are noted for not complaining enough when we get poor quality, poor service or whatever. Many years ago my eldest son Jerry taught me a lesson which has cured me of not complaining ever since.

What happened was that Jerry was visiting our home in Kinsale, he lives in Dublin, and being very observant he noticed that Dad was now a fan of a singer called Ivan Rebhoff who is blessed with a four octave voice i.e. soprano to very deep bass. I had a birthday coming up so Jerry went to HMV and bought Dad the latest Rebhoff record. It duly arrived and I was very pleased with his gift until I played it and found to my disgust that every track was already on the three LP's I already had. Sometime later I was speaking to Jerry on the telephone and thanked him for my present I also could not resist telling him about the rip off the publishers had perpetrated. Jerry was furious but we left it at that. About 2 months later I arrived home from work one evening to find a large parcel with German postmarks awaiting me. Mystified I opened

the wrapper and box. Inside were three LP's and a letter from a music publishing company in Munich. The customer relations manager apologised profusely for my disappointment with the LP Jerry had given me and hoped that the 3 LP's enclosed, with their compliments, would help to atone for my upset.

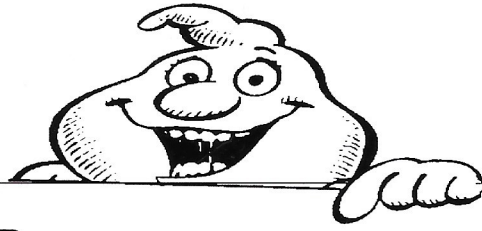

It appears that Jerry had got on to the German Embassy in Dublin got the name and address of the Company and wrote them a stinker. A great result. Now for my own experience:

A few months ago I bought a new Honda Accord. A beautiful car to drive and absolutely no problem until one rainy morning starting out for work at 7.30 a.m. I am an inveterate pipe smoker and the first thing I do when heading for Cork in the a.m. is light the pipe, open the tilt in the sunroof and head off. To my horror no "tilt" so I opened the side window about 1" and set off. When I turned the first corner to the right I got a deluge of water in on my arm, shoulder and elsewhere. I said to myself this is ri-

diculous and when I arrived at the office I sat down and wrote a stinker to the president of Honda Corporation Tokyo.

I explained my problem and also pointed out that in my company, myself, my accountant and my son Maurice all drove Honda Accords and as well as this I pointed out that my nephew, also in my company, my third son and one of my sons in law drove Hondas all recommended by me. I sent off my letter and hoped for the best.

MUINTEARAS IN ROSCREA

Roscrea students often wonder if anything happens in the College while they are on holidays. This article describes the first of four recent weekends spent by the Muintearas group at the College and gives the background of the group.

Fr. Peter Garvey

Muintearas was founded about fifteen years ago in West Kerry by a group who went away for a week or so to take time out and to explore what it means to be part of the family of *Íosa*. Muintearas in old Irish means "extended family" and for many involved that is exactly what it becomes, such that the spirit of the movement infuses their lives. The ethos is embodied by the three "fire": *Fáilte* – welcome, as Christ welcomes each one of us we do each other. *Foghlaim* – learning, we can only grow and love in life by being informed. *Guí* – that which binds the other two together leading us to a life lit by the joys of faith. There is no formal membership but the movement is peopled by young people from all walks of life who just arrive and take part in what ever happens whether spontaneous or arranged. Age ranges from school leavers upwards, the upper age limit is dictated by whether people are willing to weekend in a sleeping bag or not. There are groups based in Limerick, Dublin, Cork, Galway and indeed in Irish communities abroad. We meet in groups for weekends, nights out and generally for plenty of wholesome *craic*. The contact person with the group is Hugh Liston ('85-'91) whose Uncle founded the group. Recent past students who wish to come to a weekend should contact Hugh or John Ryan at Baile Mhuire, Foynes, Co. Limerick. The weekends are arranged for friendship, enjoyment and serious discussion.

1993

About 3 weeks later I received a telephone call from Frank Kennedy aftersales manager Universal Honda in Dublin. He said I had caused a minor storm in Honda Tokyo and a letter was on its way to me. This letter duly arrived signed by Mr. Isao Agache European Sales Manager. I was a bit disappointed the president had not replied himself but I suppose it would be below his station to write to an Irish peasant like me. Anyway Mr. Agachi and Honda Corporation in general were most apologetic and sympathetic to my problem. He said he had instructed Dublin to send a set of wind deflectors to my dealer in Cork and these would be fitted free of charge. The following week this was done and my water problems were over. I would advise anyone to have these deflectors fitted to his car. They are quite unobtrusive but enable you to open any window to about 2" and no rain or draught bothers you.

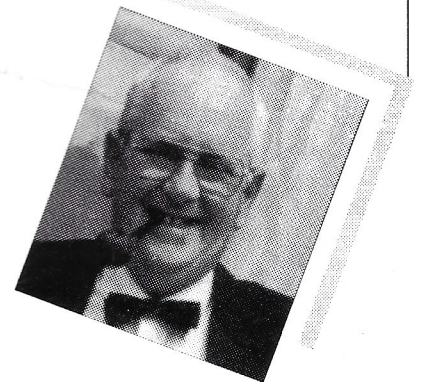

I presumed this was the end of the thing so I wrote to Tokyo and to Dublin and thanked them for their quick and most satisfactory reaction to my com-

plaint. Mr. Agachi replied thanking me for thanking him and he was so happy that I was now once again happy with my Honda.

There was one further amazing chapter to this saga. I received a call one day about 6 weeks later from my dealer asking me how would I and my wife like a weekend in Dromoland Castle on Honda.

As we are very good friends I thought he was having me on, but no he said quite seriously any weekend Friday dinner to Sunday breakfast including free golf. I relayed this to the boss in our house and she was ecstatic and immediately said "but I have nothing to wear." I put my foot down and said Honda was not giving any clothes allowance so do the best you can from your wardrobe.

We had our weekend and I can tell you that it was the nearest thing to heaven on earth and I would thoroughly recommend it to anyone who wants to get away from it all and can scrape to-

gether about £500.

Well you will be glad to hear that about concludes my argument. I have had one or two other minor things which always ended up my way, I am glad to say, but the obvious conclusion is if you have what you think is a genuine complaint put the pen to paper and apparently big companies in particular do like to keep their customers, however small, happy and content with their product.

International Rugby Star

Ben Cronin, 1981-'86. Capped for Ireland v Scotland, 1995 (cried off due to injury Ireland v France) the following is an extract from the Ireland v France official programme.

Born 13/7/68 in Limerick. 196cm (6' 5") - 103 Kgs. (16st. 2lbs). One Cap.

Ben was educated in the Cistercian College, Roscrea, Waterpark College and Waterford Regional Technical College and is an Exporter. A member of the Garryowen side that won the Insurance Corporation All-Ireland League in 1992 Ben really came to prominence when in only his second outing for Munster he

played a major role in helping them defeat Australia later that year. After playing against Ulster and Connacht in the Interprovincial Championship he won his first "A" cap when scoring a try in Ireland's 23-13 defeat by Scotland "A" at Lansdowne Road in December of that year. He was then selected for the Final Trial but due to injury he had to withdraw and during the 1993 summer he

toured with the Ireland Development Squad to Zimbabwe, Namibia and South Africa. He did not play for Ireland at any level last season but was picked to win his first full cap against the United States last November. Unfortunately he had to withdraw injured but fully fit again he won his second Ireland "A" cap against England "A" at Donnybrook last January, before finally winning his first full cap when playing against Scotland last month.
